The Legacy Collection by Wholesale Millwork will transform your house into your home of distinction, with designs dating back to the mid-1800s. The majority of these profiles are made from a high-quality, high-density poplar, which allows for clean lines, crisp edges, and parallel surfaces. Once shaped, the moulding is primed, buffed and primed again, delivering an incomparable finish on a superior substrate.

PR = Primed Poplar
PN = Primed Pine
S = Solid Pine
